

Model ID	Package Code	Description (define configuration referencing seat side)
SH-4840 (Std or ABF)	/ TLV-RS (right seat)	48" x 40", center drain shower with 3" (std) or 5" (ABF) dam, and ActivLife 1.50" dia. stainless steel 3-bar and seat package (single horizontal back wall bar, single horizontal and vertical bar on side wall opposite seat, and folding seat).
SH-4840 (Std or ABF)	/ TLV-LS (left seat)	

#### Powder Coated Bar Packages (1.25-inch dia.)

SH-4840 (Std or ABF)	/ TLV-RS WHT (right seat)	48" x 40", center drain shower with 3" (std) or 5" (ABF) dam, and ActivLife 1.25" dia. white powder coated 3-bar and seat package (single horizontal back wall bar, single horizontal and vertical bar on side wall opposite seat, and folding seat).
SH-4840 (Std or ABF)	/ TLV-LS WHT (left seat)	

- Photo 1: Grab Bars: Factory-installed 1.50-inch diameter, concealed attachment, 18 gauge, #304 brushed stainless steel grab bars. Concealed attachment design provides tamper-resistance and minimizes debris collection areas at contact points, compared to common exposed flange bar designs, without compromising bar attachment integrity. (Reinforced areas include a structural core material encapsulated in FRP composite.)
- Photo 2: Grab Bars: Factory-installed 1.25-inch dia. powder coated (in finishes listed above), concealed attachment, 18 gauge, #304 stainless steel grab bars. Concealed attachment design provides tamper-resistance and minimizes debris collection areas at contact points, compared to common exposed flange bar designs, without compromising bar attachment integrity. (Reinforced areas include a structural core material encapsulated in FRP composite.)
- Photo 3: Shower Bench Seat: Factory-installed shower bench seat with non-porous, high-pressure laminate upper and lower surfaces, fused to high-density phenolic core. The seat area secures to an 18 gauge, #304 stainless steel framework, and easily pivots upward to store along the wall without supplemental fasteners. Heavy-duty wall (hinge) bracket design eliminates supplemental legs and is formed from 10 gauge, #304 brushed stainless steel. (Reinforced area includes a structural core material encapsulated in FRP composite.)

#### Available Factory Installed Packages (model available without any component or reinforcement packages)

##### Component Packages:

- |                      |   |
|----------------------|---|
| 1. TLV package code: | 2-wall, 3-bar package with phenolic folding RH or LH seat |
| 2. TL package code:  | 2-wall, 2-bar package with phenolic folding RH or LH seat |
| 3. BP2 package code: | 2-wall, 3-bar package                                     |
| 4. BP1 package code: | 2-wall, 2-bar package                                     |
| 5. BP3 package code: | 3-wall, 3-bar package                                     |
| 6. BP5 package code: | 1-wall, 1-bar package                                     |

##### Reinforced ONLY Packages:

- FH package code: reinforcement for horizontal bars, based on HUD/FHA-Fair Housing
- 3SM & 3SF package codes: expanded reinforcement packages, (with or without package components)
