

48-inch / Private Access / Reinforced Only

The shower compartment listed is manufactured in compliance with ANSI Z124 Standards, and certified through an ongoing, independent quality assurance and testing program.

Technical drawing of the refrigerator's interior layout showing dimensions for the accessory shelf, drain, and various compartments.

Dimensions and labels:

- Accessory Shelf: 30"
- 3-3/8" Dia. Drain
- 17-3/8"
- 35-1/4"
- 34"
- 16-5/8"
- 24"
- 24"
- 1-1/4"
- 1-3/4"
- 44-1/2"
- 1-3/4"

The drawing illustrates the cross-section of a dam structure, divided into three main vertical sections: the Right Side Wall, the Back Wall, and the Left Side Wall. The structure is shown in a perspective view, with a top-down view of the dam's footprint.

Right Side Wall: This section is 6-1/2" thick. It features a 32" wide reinforcement area at the base, labeled "30" w x 34" h Reinforcement". Above this, there is a "Typical Control Area" and a smaller reinforcement area labeled "8" w x 30" h Reinforcement". The total height of the wall is 54-1/2".

Back Wall: This section is 1-1/4" thick. It features a 42" w x 34" h reinforcement area at the base, labeled "42" w x 34" h Reinforcement". Above this, there is a "Typical Control Area" and a smaller reinforcement area labeled "8" w x 30" h Reinforcement". The total height of the wall is 71-1/2".

Left Side Wall: This section is 6-1/2" thick. It features a 30" w x 34" h reinforcement area at the base, labeled "30" w x 34" h Reinforcement". Above this, there is a "Typical Control Area" and a smaller reinforcement area labeled "8" w x 30" h Reinforcement". The total height of the wall is 54-1/2".

Dimensions and Details:

- Top Width:** The top width of the dam is 1-1/4" on both the right and left sides.
- Height:** The total height of the dam is 71-1/2".
- Reinforcement:** The reinforcement areas are labeled "30" w x 34" h Reinforcement" and "42" w x 34" h Reinforcement".
- Control Area:** A "Typical Control Area" is indicated in the center of the dam.
- Accessory Shelf:** An "Accessory Shelf" is shown on the left side wall.
- Drain Clearance:** A "Drain Clearance" is indicated at the base of the right side wall.
- Dam:** The entire structure is labeled "Dam".

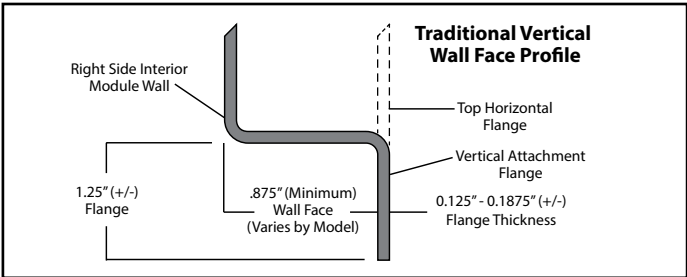

Dimensions shown are maximum. Due to the nature of the materials involved, actual unit dimensions can vary (tolerances: + / - 1/8 inch). Oasis reserves the right to modify or discontinue product and/or associated equipment without prior written or verbal notification or obligation.

Model ID	Package Code	Description
----------	--------------	-------------

SHT-4834 (Std or ABF)

/ 3SM

48" x 34", center drain shower with 3" (std) or 5" (ABF) dam, and ActivLife 3-wall mid-level reinforcement wrap package.

Available Factory Installed Packages (model available without any component or reinforcement packages)

- Component Packages:

1. TLV package code:

2-wall, 3-bar package with phenolic folding RH or LH seat

2. TL package code:

2-wall, 2-bar package with phenolic folding RH or LH seat

3. BP2 package code:

2-wall, 3-bar package

4. BP1 package code:

2-wall, 2-bar package

5. BP3 package code:

3-wall, 3-bar package

6. BP5 package code:

1-wall, 1-bar package

- Reinforced ONLY Packages:

7. FH package code: reinforcement for horizontal bars, based on HUD/FHA-Fair Housing

8. 3SM & 3SF package codes: expanded reinforcement packages, (with or without package components)
